## Lake Geneva Region

LUXURY PLACES  
FINE HOMES OF SWITZERLAND

**Luxury Places has established itself as a leading player in the sale of exceptional properties, particularly along the lakefront.**

Since our inception, we have consistently sold more than one property each month valued at over CHF 5,000,000, and each year we successfully complete the sale of at least 3 to 4 properties exceeding CHF 10,000,000.

As specialists in the exclusive "waterfront" segment, we are fully committed to showcasing your property at its best and to identifying the most effective strategies to ensure a successful sale under optimal conditions.

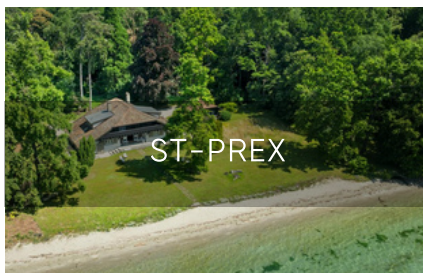

Today, our portfolio includes more than 22 properties located directly on the lakefront, a testament to our unique expertise in this prestigious market.

We are pleased to share here a selection of the lakefront properties we have sold in recent months.

This list is not exhaustive, and we remain at your full disposal should you wish to buy or sell a lakefront property.
